

ses\_process\_config

```
graph LR; A[ses_process_config] --> B[ses_enc_desc_is_complete];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'ses\_process\_config'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'ses\_enc\_desc\_is\_complete'.

ses\_enc\_desc\_is\_complete
