

safte_softc_invalidate

```
graph LR; A[safte_softc_invalidate] --> B[safte_terminate_control_requests]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'safte_softc_invalidate'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'safte_terminate_control_requests' on two lines.
