

scsi_vpd_id_descriptor

```
graph BT; A[scsi_vpd_id_descriptor] -.-> B[scsi_vpd_port_designation_cont];
```

The diagram illustrates a pointer relationship between two data structures. At the top is a white rectangular box with a black border containing the text 'scsi_vpd_id_descriptor'. Below it is a grey rectangular box with a black border containing the text 'scsi_vpd_port_designation_cont'. A vertical purple dashed line connects the bottom of the grey box to the bottom of the white box, ending in a solid purple arrowhead pointing upwards. To the right of this dashed line, the text 'target_port_descriptors' is written.
