

acpi\_timer\_attach

```
graph LR; A[acpi_timer_attach] --> B[acpi_timer_suspend_handler]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'acpi\_timer\_attach'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'acpi\_timer\_suspend\_handler' on two lines.
