

acpi\_pci\_detach

```
graph LR; A[acpi_pci_detach] --> B[acpi_pci_remove_notify_handler]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'acpi\_pci\_detach'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'acpi\_pci\_remove\_notify\_handler' on two lines.
