

ath\_rate\_tx\_complete

```
graph LR; A[ath_rate_tx_complete] --> B[update_stats];
```

A flow diagram consisting of two rectangular boxes. The left box is white with a black border and contains the text 'ath\_rate\_tx\_complete'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'update\_stats'.

update\_stats
