

elink\_ets\_bw\_limit

```
graph LR; A[elink_ets_bw_limit] --> B[elink_ets_bw_limit_common];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'elink\_ets\_bw\_limit'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'elink\_ets\_bw\_limit' on the top line and '\_common' on the bottom line.
