

cxgbe_controller_attach

```
graph LR; A[cxgbe_controller_attach] --> B[cxgbe_setup_interrupts];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'cxgbe_controller_attach'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'cxgbe_setup_interrupts'.
