

cxgbe_extension_ioctl

```
graph LR; A[cxgbe_extension_ioctl] --> B[in_range];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'cxgbe_extension_ioctl'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'in_range'.
