

e1000_mng_write_dhcp_info

```
graph LR; A[e1000_mng_write_dhcp_info] --> B[e1000_mng_write_dhcp_info_generic];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'e1000_mng_write_dhcp_info'. A blue arrow points from the right side of this box to the left side of a second box. The second box is gray with a black border and contains the text 'e1000_mng_write_dhcp_info_generic'.
