

em_if_attach_pre

```
graph LR; A[em_if_attach_pre] --> B[e1000_validate_nvmm_checksum]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'em_if_attach_pre'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'e1000_validate_nvmm_checksum'.
