

uinput_ev_event

```
graph LR; A[uinput_ev_event] --> B[uinput_enqueue_event]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'uinput_ev_event'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'uinput_enqueue_event'.

uinput_enqueue_event
