

vga_get_info

vga_set_mode

map_gen_mode_num

```
graph LR; A[vga_get_info] --> C[map_gen_mode_num]; B[vga_set_mode] --> C;
```

The diagram illustrates a dependency or relationship. On the left, two white rectangular boxes with black borders are stacked vertically. The top box contains the text 'vga_get_info' and the bottom box contains 'vga_set_mode'. Two blue arrows originate from the right side of these boxes and point towards a single, wider, gray rectangular box with a black border on the right. This gray box contains the text 'map_gen_mode_num'. The arrows indicate that both 'vga_get_info' and 'vga_set_mode' are associated with or depend on 'map_gen_mode_num'.
