

ofw\_gpiobus\_attach

```
graph LR; A[ofw_gpiobus_attach] --> B[ofw_gpiobus_add_fdt_child];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'ofw\_gpiobus\_attach'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'ofw\_gpiobus\_add\_fdt\_child' on two lines.
