

iwm_scan_rx_chain

```
graph LR; A[iwm_scan_rx_chain] --> B[iwm_get_valid_rx_ant]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box, labeled 'iwm_scan_rx_chain', has a light gray fill and a black border. A blue arrow points from the right side of this box to the left side of the right box. The right box, labeled 'iwm_get_valid_rx_ant', has a white fill and a black border.
