

dev/iwm/if_iwm_constants.h

```
graph BT; A[dev/iwm/if_iwm_constants.h]; B[dev/iwm/if_iwm_power.c] --> A; C[dev/iwm/if_iwm_sta.c] --> A;
```

The diagram illustrates a dependency relationship between source files and a header file. At the top is a gray box containing the header file path `dev/iwm/if_iwm_constants.h`. Below it are two white boxes: `dev/iwm/if_iwm_power.c` on the left and `dev/iwm/if_iwm_sta.c` on the right. Two blue arrows point from the bottom of each source file box up to the header file box, indicating that both source files include or depend on the constants header.
