

iwm_handle_rx_statistics

```
graph LR; A[iwm_handle_rx_statistics] --> B[iwm_get_noise]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box, labeled 'iwm_handle_rx_statistics', has a light gray fill and a black border. A blue arrow points from the right side of this box to the left side of the right box. The right box, labeled 'iwm_get_noise', has a white fill and a black border.
