

dev/iwm/if_iwm_power.h

```
graph BT; A[dev/iwm/if_iwm.c] --> B[dev/iwm/if_iwm_power.h]; C[dev/iwm/if_iwm_power.c] --> B;
```

The diagram illustrates a dependency relationship between source files and a header file. At the top is a grey rectangular box containing the header file path `dev/iwm/if_iwm_power.h`. Below it are two white rectangular boxes with black borders. The left box contains `dev/iwm/if_iwm.c` and the right box contains `dev/iwm/if_iwm_power.c`. Two blue arrows originate from the top-right corner of the left box and the top-left corner of the right box, both pointing towards the bottom edge of the header file box.
