

brgphy_service

```
graph LR; A[brgphy_service] --> B[brgphy_bcm54xx_clock_delay]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'brgphy_service'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'brgphy_bcm54xx_clock_delay'.
