

dev/mlx4/doorbell.h

```
graph TD; A[dev/mlx4/doorbell.h] --> B[linux/types.h]; A --> C[linux/io.h];
```

The diagram illustrates a header file dependency. At the top, a grey rectangular box contains the text 'dev/mlx4/doorbell.h'. Two blue arrows originate from the bottom edge of this box, pointing downwards and outwards to two separate white rectangular boxes. The left box contains the text 'linux/types.h' and the right box contains the text 'linux/io.h'. This visualizes that the 'dev/mlx4/doorbell.h' file includes or depends on both 'linux/types.h' and 'linux/io.h'.

linux/types.h

linux/io.h
