

random_nehemiah_read

```
graph LR; A[random_nehemiah_read] --> B[VIA_RNG_store]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'random_nehemiah_read'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'VIA_RNG_store'.

VIA_RNG_store
