

ef10_nvram_buffer_create

ef10_nvram_buffer_finish

tlv_update_partition
_len_and_cks

```
graph LR; A[ef10_nvram_buffer_create] --> C[tlv_update_partition_len_and_cks]; B[ef10_nvram_buffer_finish] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two white boxes with black borders, one above the other. The top box contains the text 'ef10_nvram_buffer_create' and the bottom box contains 'ef10_nvram_buffer_finish'. On the right, there is a single gray box with a black border containing the text 'tlv_update_partition' on the top line and '_len_and_cks' on the bottom line. Two blue arrows originate from the right side of the top-left box and the right side of the bottom-left box, both pointing towards the left side of the gray box.
