

twe\_resume

```
graph LR; A[twe_resume] --> B[twe_enable_interrupts]
```

A diagram showing a call from the function `twe_resume` to the function `twe_enable_interrupts`. The `twe_resume` box is shaded gray, and the `twe_enable_interrupts` box is white. A blue arrow points from the right side of the `twe_resume` box to the left side of the `twe_enable_interrupts` box.
