

ugold_intr_callback

```
graph LR; A[ugold_intr_callback] --> B[ugold_ds75_temp]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'ugold_intr_callback'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'ugold_ds75_temp'.
