

uplcom_cfg_param

```
graph LR; A[uplcom_cfg_param] --> B[uplcom_encode_baud_rate_divisor]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'uplcom_cfg_param'. The right box is gray with a black border and contains the text 'uplcom_encode_baud_rate_divisor' on two lines.
