

uftdi_ioctl

```
graph LR; A[uftdi_ioctl] --> B[uftdi_get_bitmode]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'uftdi_ioctl'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'uftdi_get_bitmode'.
