

cp2112_gpio_pin_setflags

```
graph LR; A[cp2112_gpio_pin_setflags] --> B[cp2112_gpio_configure_write_pin]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'cp2112_gpio_pin_setflags'. The right box is gray with a black border and contains the text 'cp2112_gpio_configure_write_pin' on two lines.

cp2112_gpio_configure
_write_pin
