

vtnet\_attach\_completed

```
graph LR; A[vtnet_attach_completed] --> B[vtnet_attached_set_macaddr]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'vtnet\_attach\_completed'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'vtnet\_attached\_set\_macaddr'.
