

vtpci_modern_reinit

```
graph LR; A[vtpci_modern_reinit] --> B[vtpci_modern_finalize_features]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'vtpci_modern_reinit'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'vtpci_modern_finalize_features' on two lines.
