

vmci_doorbell_create

```
graph LR; A[vmci_doorbell_create] --> B[vmci_doorbell_index_table_add]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'vmci_doorbell_create'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'vmci_doorbell_index_table_add' on two lines.
