

xs_dev_write

```
graph LR; A[xs_dev_write] --> B[xs_dev_watch_message_parse]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'xs_dev_write'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'xs_dev_watch_message_parse' on two lines.
