

g_raid_md_ctl_promise

g_raid_md_event_promise

g_raid_md_promise_purge
_volumes

```
graph LR; A[g_raid_md_ctl_promise] --> C[g_raid_md_promise_purge_volumes]; B[g_raid_md_event_promise] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. The top box contains the text 'g_raid_md_ctl_promise' and the bottom box contains 'g_raid_md_event_promise'. Both boxes have a black border and a white background. On the right, there is a single, wider box containing the text 'g_raid_md_promise_purge' on the top line and '_volumes' on the bottom line. This box has a black border and a light gray background. Two blue arrows originate from the right side of the top-left box and the right side of the bottom-left box, both pointing towards the left side of the right-hand box.
