

g_raid_md_ctl_promise

```
graph LR; A[g_raid_md_ctl_promise] --> B[promise_meta_write_spare]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'g_raid_md_ctl_promise'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'promise_meta_write_spare' on two lines.
