

g_raid_md_write_intel

```
graph LR; A[g_raid_md_write_intel] --> B[intel_set_map_disk_sectors]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'g_raid_md_write_intel'. The right box is gray with a black border and contains the text 'intel_set_map_disk_sectors' on two lines.
