

terminal_set_winsize

```
graph LR; A[terminal_set_winsize] --> B[terminal_set_winsize  
_blank]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'terminal_set_winsize'. The right box is gray with a black border and contains the text 'terminal_set_winsize' on the top line and '_blank' on the bottom line.
