

`dumpsys_generic`

```
graph LR; A[dumpsys_generic] --> B[dumpsys_foreach_chunk]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text `dumpsys_generic`. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text `dumpsys_foreach_chunk`.

`dumpsys_foreach_chunk`
