

sys_getrandom

```
graph LR; A[sys_getrandom] --> B[kern_getrandom]
```

A diagram showing a callout from the system call `sys_getrandom` to the kernel function `kern_getrandom`. The `sys_getrandom` box is white with a black border, and the `kern_getrandom` box is gray with a black border. A blue arrow points from the right side of the `sys_getrandom` box to the left side of the `kern_getrandom` box.
