

sys_extattr_set_file

sys_extattr_set_link

kern_extattr_set_path

```
graph LR; A[sys_extattr_set_file] --> C[kern_extattr_set_path]; B[sys_extattr_set_link] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two white boxes with black borders, one above the other. The top box contains the text 'sys_extattr_set_file' and the bottom box contains 'sys_extattr_set_link'. On the right, there is a single gray box with a black border containing the text 'kern_extattr_set_path'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating a relationship or mapping from the system calls to the kernel function.
