

cpus_fence_seq_cst

```
graph LR; A[cpus_fence_seq_cst] --> B[cpus_fence_seq_cst_issue]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'cpus_fence_seq_cst'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'cpus_fence_seq_cst' on the top line and '_issue' on the bottom line.
