

sysctl_maxvnodes

```
graph LR; A[sysctl_maxvnodes] --> B[vfs_hash_changesize];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'sysctl_maxvnodes'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'vfs_hash_changesize'.
