

amrr_node_stats

```
graph LR; A[amrr_node_stats] --> B[amrr_print_node_rate]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'amrr_node_stats'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'amrr_print_node_rate'.
