mesh\_send\_action\_meshpeering\_open

ieee80211\_add\_meshpeer

```
graph LR; A[mesh_send_action_meshpeering_close] --> D[ieee80211_add_meshpeer]; B[mesh_send_action_meshpeering_confirm] --> D; C[mesh_send_action_meshpeering_open] --> D;
```

The diagram illustrates a flow of control or data from three source functions to a single target function. Three boxes on the left, each containing a function name, have blue arrows pointing to a single box on the right. The top box is 'mesh\_send\_action\_meshpeering\_close', the middle is 'mesh\_send\_action\_meshpeering\_confirm', and the bottom is 'mesh\_send\_action\_meshpeering\_open'. The target box on the right is 'ieee80211\_add\_meshpeer'.
