

ng_source_rcvmsg

```
graph LR; A[ng_source_rcvmsg] --> B[ng_source_start];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'ng_source_rcvmsg'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'ng_source_start'.
