

ng_deflate_rcvdata

```
graph LR; A[ng_deflate_rcvdata] --> B[ng_deflate_decompress];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'ng_deflate_rcvdata'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'ng_deflate_decompress'.
