

```
register_tcp_functions  
_as_names
```

```
graph LR; A[register_tcp_functions_as_names] --> B[find_tcp_functions_locked]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a light gray fill and a black border, containing the text 'register_tcp_functions' on the top line and '_as_names' on the bottom line. The right box has a white fill and a black border, containing the text 'find_tcp_functions' on the top line and '_locked' on the bottom line. A blue arrow points from the right side of the left box to the left side of the right box.
