

inm_release_task

```
graph LR; A[inm_release_task] --> B[inm_release];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'inm_release_task'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'inm_release'.
