

sctp_paramhdr

```
graph BT; A[sctp_paramhdr] ---|ph| B[sctp_stream_reset_add_strm];
```

The diagram illustrates a pointer relationship between two data structures. At the top is a white rectangular box labeled 'sctp_paramhdr'. Below it is a gray rectangular box labeled 'sctp_stream_reset_add_strm'. A vertical dashed purple line connects the bottom of the gray box to the top of the white box, ending in a solid purple arrowhead pointing upwards. The label 'ph' is positioned to the right of the dashed line, indicating the pointer variable.
