

sctp_paramhdr

```
graph BT; A[sctp_host_name_param] -.->|ph| B[sctp_paramhdr];
```

The diagram illustrates a pointer relationship between two data structures. At the top is a white rectangular box labeled 'sctp_paramhdr'. At the bottom is a gray rectangular box labeled 'sctp_host_name_param'. A vertical dashed purple line connects the two boxes, with a solid purple arrowhead pointing upwards from the gray box to the white box. The label 'ph' is positioned to the right of the dashed line, indicating the pointer variable.
