

aes\_xts\_encrypt\_multi

```
graph LR; A[aes_xts_encrypt_multi] --> B[aes_xts_crypt]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is shaded gray and contains the text 'aes\_xts\_encrypt\_multi'. A blue arrow points from the right side of this box to the left side of the right box. The right box is white and contains the text 'aes\_xts\_crypt'.
